Federal Career Opportunities in Tax Law

Are you interested in tax law? Even if you haven't thought about a career in tax, maybe you want to be in a courtroom litigating or at a table strategizing business deals? Have you dreamed about working in criminal law or being a federal prosecutor? Are you interested in legislation and policy? Do you want a work/life balance after you graduate?

Consider a career with the federal government! A position on the Hill, with the U.S. Tax Court, the Department of Justice Tax Division, or IRS Office of Chief Counsel might be the right place for you. Working for the federal government, you can gain valuable experience right from the start of your career that might take years to get in private sector jobs, if ever! Join us to learn more about our programs and the application process. Our panelists will be speaking about their experiences and careers and will be available for questions.
